## KROSS STUDIO REVEALS NEW STAR WARS™ WATCH ROLL COLLECTION

Seven distinct collectible watch roll designs make perfect stocking stuffers for watch enthusiasts and *Star Wars* fans.

Kross Studio and Lucasfilm continue their ongoing relationship with a third *Star Wars* x Kross Studio collaboration, this time with Kross Studio debuting a new *Star Wars*™ watch rolls collection. The series offers six distinct watch roll designs for individual sale, each featuring an inspired design of an iconic Rebel or Imperial character from the original space saga: Darth Vader™, Stormtrooper™, Boba Fett™, C-3PO™, R2-D2™, and Chewbacca™. Those who purchase the complete set of six will receive a special bonus watch roll featuring Yoda™.

Each watch roll model is crafted of genuine leather and comes screen printed with a character's striking likeness and complimentary colors and patterns, including C-3PO in yellow, Boba Fett in green, Darth Vader in black, Chewbacca in brown, the stormtrooper and R2-D2 in white, and Yoda in tan.

The watch roll remains safely straight thanks to two reinforcements placed under the case. The Swiss studio designed snap top closures that flip wide open to accommodate any style of watch, whether the famed Kross Studio Death Star Tourbillon or another favorite timepiece, cushioned on a removable pillow insert. High-quality black microfiber fabric and robust wood and metal padding cradles the watch secured within and effectively prevents scratches and damage to the dial and band or strap.

A co-branded *Star Wars* X Kross Studio patch stitched to the watch roll flap attests to each product's authenticity. An included instruction card with QR code directs the owner to a registration page to access the digital user manual and to activate the 3-year extended warranty.

For anyone who has already acquired a Death Star Tourbillon watch from the Death Star Ultimate Collector Set and the new TIE Advanced x1 watch winder by Kross Studio, one of these new watch rolls makes the perfect holiday gift item to complete their own *Star Wars* collection. The new collectible *Star Wars* watch rolls are available at [kross-studio.ch](http://kross-studio.ch), or through official partners and select authorized retailers.
